KILLING NEAR CAIRO.

Cairo, Ill., Oct. 7.—A most cold-blooded murder occurred in the country a few miles north of this city yesterday. A negro known as Cole Ogden shot and instantly killed another negro named Sam Moss. Ogden waylaid Moss in the road and shot him dead with a musket, then as he fell back in his wagon went around to the prostrate form and sent a bullet from his pistol into Moss' head. Ogden then escaped and is being tracked by a sheriff's posse. Bad feeling had prevailed between the men.

AN OLD CHARGE.

COONEY SCOTT ARRESTED BY OFFICER JOHN AUSTIN.

Cooney Scott, colored, who is alleged to have cut Will Knight, colored, on South Eighth street several months ago, was arrested this morning by Patrol Driver John Austin on Broadway.

Scott escaped soon after the cutting and managed to elude the officers until today when Officer Austin saw him on Broadway and intercepted him. He probably thought the little "skylarking" affair in which he had figured prominently had been forgotten by the local officers. Knight is fireman on the ferryboat.

Booths on the Midway Looted by Soldiers.

General Bates Orders An Investigation of the Depredations at West Point.

THE GOVERNOR RECEIVED

Louisville, Ky., Oct. 7.—The Camp Young members of the national guards played havoc with the refreshment stands and amusement places at Howard last night.

Company "I" an impromptu organization from different states, attacked the booths on the midway and after looting many stands, destroyed what they could not carry away. Several hundred dollars' worth of property was ruined or carried away.

Came Fakirs and side show men were almost ruined and most of the refreshment stand owners were compelled to purchase new stocks.

The Henderson, Ky., station at Howard was robbed of several packages. A report was made this morning and General Bates will order an investigation.

Governor J. C. W. Beckham at Camp Young today and was received with military honors at camp at noon. Two troops of cavalry, six guns of 14th light artillery and two regiments of Kentucky infantry formed an escort which met and conducted the governor to his tent in the Kentucky camp. The honor paid Governor Beckham was by far the most distinguished paid any dignitary who have yet visited Camp Young.

The review at Camp Young is off for today. Rain is pouring down and a gale is blowing. The big assembly tent was blown down, as were many others but nobody was hurt.

The treasurer had not reported at press time, being still busy getting his work prepared for supervision by the board.

INQUIRY OF SON

GRAVES COUNTY MOTHER ASKS ABOUT HER SON HERE.

Marshal Crow this morning received a letter from Mrs. Mary Lemon, of Graves county, asking about her son, George Todd, the eighteen year old boy who was sent up to the reform school for stealing \$21 and a pistol from Mrs. Mack English. The mother asked for information relative to what her son was charged with and asking Marshal Crow to hold him here until she could come and pay him out. She does not know, judging from the letter, that her son had been tried, convicted and sentenced. Marshal Crow will answer at once, acquainting the woman with the facts in the case.

DESPERATE SUICIDE.

ALABAMA MAN TAKES POISON, CUTS HIS OWN THROAT AND THEN SHOOT HIMSELF.

Mobile, Ala., Oct. 7.—Near Mullet Point, Baldwin county, Thomas Foote, a well to do farmer, 42 years of age, committed suicide by the use first of medicine, then a knife and finally a gun.

Foote had been ill and, becoming despondent, he took an overdose of medicine supposed to be deadly in nature, and finding this acted too slow, he severed his jugular vein. Then, as a last resort, he secured a rifle and blew out his brains. He leaves a wife and several children, and came here from Michigan.

BAPTIST ASSOCIATION MEETS —Rev. G. W. Perryman left this morning for Kuttawa to attend the Little River Baptist association, which convened today for a two days' session. It embraces the Baptist churches of Southwestern Kentucky.

MAYOR VICTORIOUS.

CAIRO'S CHIEF EXECUTIVE ACQUITTED OF CHARGES.

Cairo, Ill., Oct. 7.—The trial of Mayor Claude Winter for authorizing the inspection of the inmates of houses of ill fame in Cairo came up today for trial before Judge Dewey and he was found to be not guilty. The case was tried by the court, the defense having waived a jury, and Judge Dewey held that the prosecution was unable to prove any official connection by the evidence submitted of the defendant with the medical inspection of the inmates. Considerable feeling has been aroused over this matter in the city council.

FULTON BOY.

WEDS A YOUNG LADY AT JACKSON, TENN.

Jackson, Tenn., Oct. 7.—A wedding took place at the First Methodist church at 8 o'clock last night, the groom being Mr. Edwin Smithson Rogers, a prominent young railroad official of Fulton, Ky., and the bride being Miss Sarah Ballou Hays, daughter of the Hon. S. D. Hays of this city.

NO TICKET YET.

SEVERAL MENTIONED FOR THE MAYORALTY.

No independent ticket has yet been put out in Paducah by the good government or other forces, but one is expected this week.

Among those mentioned for the mayoralty nomination are Messrs. T. J. Atkins and E. W. Smith.

Mr. Wm. McCreavy of the Memphis division of the I. C., arrived from the south today at noon.

MR. BISSELL IS DEAD NOT OFFICERS' FAULT

Former Postmaster General Passes Peacefully Away.

A Large Shortage Alleged to Exist in the Estate of Mrs. Maybrick.

ONE OF TILLMAN JURY IS ILL.

Buffalo, N. Y., Oct. 7.—Wilson S. Bissell, former postmaster general, died at 10:15 o'clock last night. About noon he sank into a deep sleep and it was with difficulty that he was aroused at intervals during the afternoon for nourishment and medicine. The end came easily and peacefully. Dr. De Witt Sherman, the physician who has been attending him during his recent illness, and members of the family were at his bedside.

Mr. Bissell suffered from complications thought to be akin to Bright's disease, although not well understood.

On June 1 Mr. Bissell's trouble became so serious that he was sent to New York to consult specialists. It was thought an operation would be performed, but after an examination the specialists decided that it would be better for the patient to first rebuild his health. He was sent to his summer home, Bar Harbor, where he spent several weeks. He spent most of the time there in bed, and it was realized that his case was hopeless. In September he returned to Buffalo. Some important legal matters in which he was interested were disposed of, and Mr. Bissell was again forced to bed. He suffered no pain, sleeping most of the time.

When awake his mind was always clear and he conversed with members of the family and the physicians.

During the latter part of his illness numerous messages of inquiry were received from former President Cleveland and members of the cabinet in which Mr. Bissell served as postmaster general.

THE ESTATE ROBBED.

New York, Oct. 7.—The action recently begun by representatives of Mrs. Florence Elizabeth Maybrick, who will be released from prison in England in July of next year, to compel an accounting of certain members of the board of trustees of Mrs. Maybrick's ancestors' estate, was continued today, when Attorney Samuel B. Hayden of Washington, D. C., examined William L. Gardner of Brooklyn, one of the trustees, regarding funds said to be due the estate, and Mrs. Maybrick, from sales of land in Virginia, West Virginia, Illinois and Kentucky.

What appeared to be a shortage of about \$75,000 in the trustees' accounts was disclosed at this hearing.

Mr. Gardner was asked specifically as to his knowledge of the signing of deeds releasing the Baroness de Ronke and her daughter, Mrs. Maybrick, from title to property in America. One item of 40,000 acres of land, it is alleged, was sold for \$85,000, and of this sum only \$10,000 was admitted as received by the trustees.

Mr. Gardner said that he did not take particular cognizance of the value of the property, adding that so far as he knew only \$2,500 accrued from this sale. An accounting in this last mentioned sum was made in 1893, but since that time the trustees have made no further accounting. The hearing will be continued on October 20.

When asked about the shortage of \$75,000 Mr. Hayden would say nothing definitely. "We would like to know what became of the money," he said.

TRIAL INTERRUPTED.

Lexington, S. C., Oct. 7.—The continued illness of Milton Sharpe, one of the jurors in the case of J. N. Tillman, necessitated an adjournment yesterday temporarily. When court was convened Sheriff Coughman announced that Juror Sharpe was in bed, and unable to appear in court. Upon inquiry by Judge Gary, the attending physician, Dr. Wagnard, stated that Sharpe hardly would be able to do duty within 24 hours and he was not able to state whether he would be well enough at the end of that period to continue.

So Says Capt. Ed Farley, One of the Commissioners.

In Several Places the Republicans Were Barred From the Registration.

SHERIFF HAD LIST IN TIME

Captain Ed Farley, one of the election commissioners for McCracken county, states that the charge that the election commissioners did not furnish a list of election officers to the sheriff in time to get service, is an error.

The list was completed, in pursuance of law, September 20 and three copies were made. The sheriff is chairman of the board, and there were three copies for the officers made, one being given to the sheriff. Some changes were necessarily made, but the claim that the sheriff did not have the list in time is denied by Captain Farley.

In several of the precincts yesterday the Republicans had no representation. One of the officers appointed says he was told by a deputy sheriff that the polls opened at 7 a.m. and when he reached there at 6:45 he found four Democrats already in charge, and they refused to allow him to qualify, leaving the polls in control of the Democrats, which is contrary to the letter and spirit of the law which gives both parties representation at the polls and intends that they shall have them.

At some of the polls police officers were on guard as "challengers," it is said, and some of them made themselves quite active in trying to keep some Republicans from voting.

Nevertheless the Republicans showed great gains, and registered more voters than on all the registration days combined last year.

MONSTER CROWD

100,000 VISITORS IN ST. LOUIS SEE VEILED PROPHET.

St. Louis, Mo., Oct. 7.—The Veiled Prophet made his 28th annual visit to St. Louis last evening, and it is estimated that 100,000 visitors were here to see the great show. The novel feature of this year's parade was the employment of electricity for propelling and illuminating the floats. The familiar blanketed steeds, led by dusky grooms in red cloaks, have been discarded for the trolley wire and motor. It was the first horseless pageant which the Veiled Prophet has deigned to honor with his august presence. The program of festivities wound up with the Veiled Prophet's ball, the great society event of the year in St. Louis.

PULLMAN BAND OF CHICAGO GETS IN TROUBLE FOR THIS.

Chicago, Oct. 7.—The members of the First regiment band who refused to play in the centennial parade last week have been recommended for discharge from the regiment. The First regiment band, also known as the Pullman band, consisting of 50 first class musicians, refused to take part in the centennial parade because the Marine band of Washington was selected to play at the centennial banquet. Not being union musicians a boycott was declared by the local bands against the entire celebration.

THE END NEAR.

CHARLES ALLISON IS NOW DYING AT HOSPITAL.

Charles Allison, who was shot in the spine a week ago today and has been lingering at the city hospital totally paralyzed in the lower part of his body, is this afternoon dying, and a priest was summoned. He has clung to life with astonishing tenacity, but today began sinking and will probably not survive the day.

Miss Stella D. Waggoner and Miss Ellen Morris, of Morganfield, are visiting Mrs. O. W. Collier.

ALWAYS SHADOWED

Released Convict Has \$53,000 Somewhere.

Has Served Four Years for it—Objection to Hugh Dennis' Judgment at St. Louis.

A STRIKE AT WASHINGTON

FIVE YEARS FOR \$53,000.

Anstin, Tex., October 7.—Charles Beeler, who robbed Wells, Fargo & Co. of \$53,200 a little less than four years ago, was released from the state penitentiary yesterday. He was sentenced to five years' imprisonment but he was a model convict and got the full benefit of the reduction of time allowed.

"When I get my freedom I am going to take a good, long rest," is the remark which Beeler made to a visitor a few days ago.

He was met at the prison door today by two of the most expert detectives in the employ of the express company. They are detailed to watch his every movement and bound him until they discover where more than \$50,000 of the stolen money is hidden. Only \$200 was ever recovered, although Beeler was captured only few days after he had committed the robbery. Wells, Fargo & Co. obtained judgment against him for \$50,000. This judgment is still in effect and it is the purpose of the two detectives to enforce its collection.

Beeler was driving an express wagon for Wells, Fargo & Co. in San Antonio when the robbery was committed. One evening in December nearly four years ago, Beeler started on his wagon for the Southern Pacific depot with a local safe containing \$53,200 in money, which was to be shipped to Houston. He drove the wagon to a dense mesquite thicket and it was there that the horse and wagon were found late the next day. The safe had been rifled. Beeler was caught in Mexico, brought back and convicted. He admitted that he had hidden the stolen money and that he was willing to take his punishment. He said he would not mind staying four or five years in the penitentiary at \$10,000 per year.

Beeler left for San Antonio.

FORMER PADUCAHANS' BOND.

St. Louis, Mo., Oct. 7.—Major Hugh O. Dennis was arraigned in the court of criminal correction yesterday before Judge Hiram Moore, on the charge of operating a bucketshop. This was one of the five indictments returned against him by the June grand jury Saturday. Judge Chester H. Krum appeared for Major Dennis and filed a motion to quash the indictment, on the ground that no facts were stated to show commission of crime, and that the bill was only a legal conclusion. Judge Krum also objected to the indictment because the word "principal" was spelled "principle." The motion to quash will be argued before Judge Moore October 18. The bond in the bucketshop charge was fixed at \$1000, and was signed by Chris Schawacker.

WANTED FOR EMBEZZLEMENT.

Galena, Kan., Oct. 7.—W. E. Conner, who has been night operator of the Frisco system at this place for the past month, disappeared Saturday night. He, however, left a note, stating the fact that, owing to mosquitoes bothering him, he would go to his room, but would report for duty yesterday noon. He has not been heard of since, and it is thought the note left by him was only intended to throw the railroad company off, that he might get out of reach of the officials before his absence was known. He now is wanted for alleged embezzlement of the company's money. It is said he leaves behind hotel and other bills unpaid.

STRIKE AT WASHINGTON.

Washington, Oct. 7.—The marble setters and their assistants, who are employed in the general reconstruction of the senate bathrooms and barber shops went on a strike today. Unless the complication is speedily adjusted it will be impossible to complete the work on the rooms before the convening of congress.

Mr. C. A. Thurman and Misses Mary and Annie Jones have returned from West Point where they visited Camp Young.

REPUBLICAN GAINS

A Most Encouraging Registration Yesterday in Paducah.

Gain Is 498 for the Republicans Over Last Year's First Day.

FALLING OFF OF DEMOCRATS

The registration yesterday in Paducah was very satisfactory to the Republicans. Despite the fact that they had no officers at the polls because none had been notified, they cut down the Democratic majority on the first day last year from 1090 to 503.

Yesterday 3,168 voters registered, against 2,742 last year, an increase for the first day of 426.

The Democrats show a decrease of 89, while the increase of Republican votes is 498. Last year the total registration for both days was 3,025 and the total yesterday is 143 greater than both days combined last year, thus showing the interest taken in this year's election. The Republicans on the second day of last year registered 186 votes against 79 for the Democrats, and hope to get out their remaining strength on the supplementary registration day, October 20.

Yesterday's registration by precincts was:

FILTRATION BUILDING CONTRACT—Messrs. Dunlap & Davis, the

contractors, have been awarded the contract for constructing the building to be used by the Paducah Water company in connection with its filtration plant now being installed. The building will adjoin the plant on South First street and cost \$4100. Work on it will not begin for several weeks yet, however. The work of laying the suction pipe into the river is progressing slowly at present, as ten sections of pipe are being awaited to continue it.

PHILIPPINE TRADE.

Manila, Oct. 7.—Trade statistics show that the exports from the Philippine islands have increased fully 20 per cent during the last year, with the total amounting in value to \$33,696,587. The imports decreased slightly during the same period. The exports of silver coin during the past year exceeded the imports by \$4,064,306.

COULDN'T EAT SAND.

Neligh, Neb., Oct. 7.—The five year old son of Fred Wagoner is dead as a result of an attempt made by two of his playmates to make him eat sand. They dislocated his neck and a quantity of sand was found in the boy's stomach. The offenders are known and will be arrested as soon as the coroner's jury makes its report.

COTTON MILLS RESUME.

Angu la, Me., Oct. 7.—After being idle more than two months the cotton mills of the Edwards Manufacturing company has resumed operations on full time. The mills, which employ 1,300 operatives, shut down on account of the high price of raw cotton on July 31.

REUNION TO BE HELD

A Liberal Response Has Insured Enough Funds.

A Large Tent Loaned the Veterans to Shelter the Visitors During Their Stay.

MAJOR MOSS IS THE ORATOR

The reunion of the Confederate Second Brigade will be held in Paducah. There will be no postponement on account of a lack of funds. The people have responded liberally since the state of affairs was made public, and the reunion will be held.

Last night Alderman Singleton was appointed to assist in raising funds and Colonel R. Rowland will accompany him. One member of the local camp reported \$225 pledged since last report and there will be ample funds with which to defray the expenses.

It was reported that while cots may not be secured in sufficient numbers, the large tent used by Rev. T. J. Owen for his revivals had been loaned the old soldiers, and will accommodate 425.

Several hundred badges for the veterans and the Daughters of the Confederacy were ordered purchased, and Dean's band was awarded the contract to play during the two days.

Major Thomas E. Moss was selected to deliver the address of welcome to the visitors and the big dinner Thursday will be at 1 p. m., supper at 5:30 and breakfast the following morning at 7:30, and dinner at 2:30 p. m.

NEW TWO-CENT STAMP.

POTSMASER-GENERAL AP. PROVES DESIGN TO SUCCESS "FLAG" STAMP.

Washington, Oct. 7.—Postmaster-General Payne has approved a new design for a 2-cent postage stamp, which will succeed the "Flag" stamp, which has been in use for about six months and which has been greatly criticised.

The bureau of engraving and printing is now making the plates from which the four billion 2-cent stamps needed during the next twelve months will be printed.

The distinguished features of difference in the present stamp and the new design lie in the improved picture of Washington and the abandonment of the flag and substitution of a great shield therefore.

METROPOLIS BUSY.

WANTS TO GET A BRANCH OF THE WABASH.

President Burns of the Toledo, St. Louis and New Orleans railroad, spent a little time in this city Monday talking over the railroad situation, says the Metropolis Journal—Republican. An entirely new survey of a route for the line is to be made and it is more than probable that our city will be on this line. A meeting of business men is to be held to discuss ways and means of sending a delegation to St. Louis next week to meet certain officials of the line with representatives from other towns on the proposed new route and see what conclusions can be arrived at.

The pay roll of \$2,434.86, and bills amounting to \$1,235.99 were allowed.

The improvement to the heating apparatus at the Longfellow building cost \$772.31, and Mr. John Maret was allowed \$100 for his work on the improvement.

A detailed report of repairs made on the buildings since the office of superintendent of buildings was created and Mr. Fred Hoyer elected to fill it and the board is greatly pleased over the success of the new superintendent. The board then adjourned.

MINISTER POWELL

GIVES SAN DOMINICAN MINISTER 10 DAYS IN WHICH TO ACT.

San Domingo, Oct. 7.—It was understood that United States Minister Powell had informed the Dominican minister for foreign affairs that he expects to receive within ten days the names of the arbitrators in the case of claims of the improvement company, adding that matters cannot be delayed much longer.

The government up to date has refused to recognize the agreements made with the late Vasquez government, and desires to reopen the whole question. The United States minister refused to accept all propositions of this character.

PRATT COAL CO.

Saved From The Knife.

No. 55 Ogleshorpe Avenue, ATLANTA, GA., March 7, 1903.

I am very grateful indeed for the good which I received from the use of Wine of Cardui and am pleased to give you my experience. Shortly after I was married I began to feel miserable, my health and strength failing day by day in connection with headaches, backaches and a general worn-out feeling.

On consulting a doctor he said that I had womb trouble and ulceration and must undergo an operation. I felt so weak that I was sure that I would not live to go through it and decided to try Wine of Cardui which I had seen advertised so much and see what that would do for me before I underwent an operation. I am pleased to state that I felt better much better in two weeks and by using Wine of Cardui for two months my health was restored and I now feel like a new woman and look like one, so my friends say. That is what Wine of Cardui has done for me.

Marie Meder
FIRST WORTHY VICE-TEMPLE,
INDEPENDENT ORDER OF GOOD TEMPLARS.

WINE of CARDUI

Women who know that operations are dangerous, and that too frequently one operation leads to another, rebel against the operating table. Many surgeons are too ready to advise an operation. Mrs. Meder's case and the experience of thousands of other women prove that such extreme measures are usually unnecessary when Wine of Cardui can be obtained.

Wine of Cardui is the best medicine known for the cure of the diseases of women. It strengthens the womanly organs and assists nature to restore healthy functions. It relieves all menstrual disorders and cures bearing down pains and ovarian troubles. It corrects barrenness, relieves the worst pains at childbirth, and is beneficial for women of all ages and conditions. It is not only an emergency medicine in the time of pain and sickness, but it is a sure preventative, an occasional dose of which tones up the general health.

If you are suffering, remember the good that Mrs. Meder got out of this medicine and give it a trial. All druggists sell \$1.00 bottles of Wine of Cardui.

THE WOLF AND THE SHEEP.

Fled a Hound.

A Wolf that had been sorely worried, and left for dead, by the Dogs, lay not far from a running stream. Parched with thirst, the babble of the brook sounded most temptingly in his ears; and he felt that one cool, delicious draught might yet restore to him some hope of life. Just then a Sheep passed near. "Pray, sister, bring me some water from yon stream," said he. "Water is all I want. I do not ask for meat." "Yes," replied the Sheep, "I know very well, that when I have brought you water my body will serve for meat."

K. I. T. NOTES

It is Reported Clarksville Will Drop out of the League

The list of players reserved by the various clubs of the K. I. T. league is out. The clubs had between Oct. 1 and 15th to announce their list, which has been forwarded to the secretary of the National Association of professional ball players. Col. Ben Wellie, while painfully busy with the carnival, had a few minutes to devote to his former love, baseball, and stated this morning that a meeting of the K. I. T. league officials would probably be held about the 20th and the business of the league finally settled.

The board has met but once since the closing of the league and this was a very informal affair. The prospects for the next season will be discussed and arrangements for players made. It is understood that several men reserved in each team will be swapped for other players and this will all be arranged for and a suitable code of rules adopted regulating such proceed-

A GOOD GRAFT

Chas Schwab Skinned 'em Good, According to This.

Sold a Steel Company Worth \$10,000,000 for \$30,000,000.

New York, Oct. 7.—That Charles M. Schwab deliberately and fraudulently sold to the United States shipbuilding company, for \$30,000,000 property worth at the most \$10,000,000 is the sensational charge made today by former Senator James Smith, Jr., as receiver of the United States shipbuilding company in his answer to the suits brought by the Mercantile trust company and the New York security and trust company.

These suits are brought in the United States circuit court by the former to foreclose its mortgage as trustee for a 5 per cent. bond issue of \$16,000,000 and the latter, also a trustee to foreclose its mortgage upon a bond issue of \$10,000,000.

Involved in the charges besides Mr. Schwab are Leroy Dresser, Lewis Nixon, J. S. Hyde, E. W. Hyde, Charles R. Hanscom, I. M. Scott, Charles J. Oanda, Horace W. Gause and John W. Young, promoters of the shipbuilding company.

The charges against Schwab allege that he sold the Bethlehem steel company to the shipbuilding company, taking in payment \$10,000,000 in bonds, \$10,000,000 of the preferred stock and \$10,000,000 of the common stock of the shipbuilding company. "Well knowing that in truth the said property, that of the Bethlehem steel company, was not worth at the most \$10,000,000."

Mr. Wellie stated that he would today communicate with Evansville Central League officials relative to the next meeting to be held by the Central board. He will send a man to Evansville to represent Paducah if necessary and is determined to get into this league if possible.

Boston was badly defeated yesterday at Pittsburg by the crack Pittsburg team by a score of 5 to 4. Phil-lippe pitched for Pittsburg and Dineen for Boston. It was the third game Pittsburg has won out of the series of seven, Boston having taken one. An immense crowd witnessed the game.

THE WEATHER.

For Kentucky rain and cooler tonight, Thursday cooler with fair weather in the western portion and clearing in the central and eastern portions. The rainfall here today was about one-fourth of an inch.

REPUBLICAN ENTHUSIASM.

The registration shows that Republicans of Paducah are interested to an unusual extent in the municipal and state elections this year, partly because their prospects of winning both were never so bright as now. The number of votes registered by Republicans on the first day of registration this year is 312 more than the total on both days last year. This is an encouraging increase, and the Republicans will work hard to get out a number in proportion to yesterday's increase, in the supplementary registration. Yesterday's registration shows about the total registration for Democrats. Yesterday's registration is a couple of hundred more than were cast in the recent Democratic primary, and almost as many as Mayor Yeiser received two years ago, and more than any of the other Democrats on the ticket received two years ago, Mayor Yeiser having run ahead of the ticket. The hearty enthusiasm shown by the Republicans is calculated to strike terror to the hearts of the Democrats, who are forced to admit now that they will have no walk over and that every inch will be hotly contested. With the disaffection in their ranks and the stern time the Democratic ticket is likely to have before the campaign is over Republican success is assured if every man goes to the polls and does his duty.

The Republicans of Paducah would suggest in a spirit of friendship to the Democrats, owing to the fact that there is a Democratic sheriff of McCracken county, and the law makes it his duty to notify election officers appointed by the county election boards, that hereafter he so notifies them. Two weeks ago, about the list of election officers was made out and the sheriff, as president of the election board, received one of the three copies. The names announced last Monday as the final list of election officers:

necessitated one change in the first list for each of the city precincts except two, where no changes were made. This indicates that the Republican officers could have been notified in due time, but were not. If they had been notified and had been at the polls yesterday to represent the Republicans, the latter might have registered many more votes than they did, hence they have a right to complain. The claim that a notice in the papers is sufficient notice to election officers is probably a little bit extravagant. If a newspaper notice were sufficient notice to election officers, it would likewise be sufficient notice for the sheriff to give witnesses he is ordered to summon, or to get execution on persons against whom suits are filed.

As soon as the Ohio river reaches the necessary stage, an immense shipment of Bessemer steel is to be made from Pittsburgh to New Orleans. Seventy barges will be required to transport the consignment, which goes to Europe, Mexico, and the Pacific ocean. If the Ohio had a navigable stage the year round, for which the Ohio Valley Improvement association is now trying to secure an appropriation from Congress, these shipments could be made regularly, and be of vast benefit to the commerce of the river as well as to the business interests of the country at large. The meeting of the association at Evansville will be the most important yet held and it is to be hoped that Paducah will send a large and representative delegation.

Mayor Yeiser should be advised by some of his friends to keep the police officers away from the polls. They are not paid to hang around voting precincts and try to bluff or intimidate voters, and if the mayor wants them to earn their salaries he should keep them on their beats during their watches and require them to then remain at home and take the proper amount of rest so they can properly perform their duties when their twelve hours watch comes around again. There are plenty of good men to place at the polls without taking police officers in uniforms there to work a bluff game.

The Governor should make haste to deny the statement that Sam Clark, of Graves county was turned out of the Eddyville penitentiary for killing a prominent citizen, in return for a contribution of \$800 to the Democratic campaign fund. If there is no truth in the assertion made by Captain Speight, it would take no longer to deny it than it took to tell it. As the chief executive has not been averse to answering the charges from his political opponents before, his eloquent silence now is inexplicable.

President Castro, of Venezuela, seems to be carrying his imbecility a little too far. It is claimed he is now diverting himself seizing much property consigned to foreign merchants because they do not submit to extortion, thus preparing himself in every way to have to answer to other nations, possibly by seeking the tall timbers. If Castro doesn't reform he is likely to go into the hands of a receiver.

Former Chief Devery, the Bowery idol of Gotham, has been nominated for mayor of New York by the Independent party. Devery ought to make a good mayor of New York—over the left.

Uncle Davy's already overworked horse is likely to lead a still more strenuous life from now until election. Yesterday's registration taught him a few things.

THE CONSTITUTIONAL AMENDMENT.

"Business men of Louisville and the state of Kentucky should be vitally interested in the constitutional amendment, which will be voted upon by the people of the state at the November election," said Mr. Payton N. Carke, of Louisville. "The greatest difficulty the campaign committee is having is in getting the matter before the voters so that they will readily comprehend what the amendment means. To this end it has been illustrated in a simple way, and thousands of pieces of literature are being sent out from this office every day.

"This amendment originated with business men. It had long been realized that the greatest handicap to Kentucky in securing factories and the establishment of plants that would develop the resources of the state is the taxes they have to pay. Now, it is right that they should pay a tax, but instead of putting up the bars and practically forbidding them to enter they should be encouraged. The industries have given employment to

labor, they will develop the mineral resources of the state and increase its wealth. Kentucky is already a great state, but with more factories she would become one of the wealthiest states of the Union.

"The amendment simply gives the right to each city and town in the state to prescribe the methods of raising taxes for municipal purposes. This will give those cities and towns which desire to do so authority to make certain concessions to factories in the way of encouragement. In other words, they can formulate their own plans for raising revenue for municipal purposes. This amendment has the endorsement of the leaders of both political parties and the leading business men of the state, and earnest efforts are being made to secure a full vote on it at the November election."

ATTENDANCE LARGE

Both the County Fair and the Carnival Draw Well.

Shows at the Carnival Well Patronized—Big Crowd at Races.

MANY STRANGERS IN CITY.

THE CARNIVAL.

A unusual feature of the Red Men's carnival will be a marriage tomorrow night in the Circle on the midway at 9 o'clock. The contracting parties are to be Joseph Metcalf, of Roanoke, Va., and Miss Rose Olney, of Lansing, Mich. Rev. J. L. Perryman of the Mechanicsburg Methodist church, will officiate.

The attendance at the carnival last night was large, there being about \$500 paid admissions. The shows were well patronized and the best of order was preserved. Clean conduct only is thrown and the grounds were crowded until midnight. The free attractions are fine, and the shows, especially the larger ones, are said to be the best ever seen here in a carnival.

This afternoon Mr. H. C. "Redder" will take out the children of the Home of the Friendless, if the weather permits. It is expected that the crowds will increase from now on unless the weather should interfere.

The lucky number for the gold watch was 893, and the two others 856 and 137.

The concert by Deal's band today was enjoyed by another large crowd. The city has many visitors and if the weather were more settled than it has been, hundreds would arrive on every train.

Friday will be newsboys' day at the Red Men's carnival, and in the afternoon at 1 o'clock all the newsboys will meet at the foot of Broadway and march to the carnival grounds in a body. A large number of them will no doubt turn out.

A heavy rainstorm broke over the city about 11:30 today and cast quite a damper on festivities, but the rain quit soon after dinner and the attendance will be increased tonight, no doubt, if the weather is good.

A TRIP TO WONDERLAND.

THE LIFE OF A PADUCAH FIREMAN AND CARRIE NATION MAKE A HIT.

Packed to the doors with a very appreciative audience a Trip to Wonderland gave three very fine performances last night at the carnival. It is without doubt the best show of its kind that has ever been seen in Paducah. The Life of a Paducah Fireman is a grand and thrilling performance. Carrie Nation? the last one, and her followers, showed how they smashed the Senate saloon in Topeka, Kan. The other twenty attractions kept the audience in a roar. Wonderland could stay here another week and pack the house each show.

THE COUNTY FAIR.

The first county fair witnessed in McCracken for several years began at the new fair grounds yesterday and is attracting large crowds. In the afternoon hundreds of ladies and children were on hand to inspect the grounds and witness the races.

The exhibits are all pleasing and there is nothing on the grounds that can prove obnoxious to anyone. The fifteen hundred or more people present evidently hugely enjoyed the races, and will go back again every day this week.

The elks did not dive yesterday because the pit could not be filled with

water in time, but today this part of the program will be given. The racing seemed to be satisfactory to everybody. The 2:18 pace was won by Paymaster in three straight, with Uno second. Tapper, Carrie B and Ida B also ran.

In the derby the starters got away in a bunch. Equalize, owned by Val M. Fisher, Mt. Vernon, Ind., maintained the lead all the way, closely pressed by Tom Gilmore who won second money, and Marco Polo third. Trialmore, Solitaire, Tamett, Major and Macy Russell also ran. The racing program for today is as follows:

First race—2:30 pace, mile heats, best three in five. Entries—Uno, Charlie B, Tapper, Ida B, Little Albert, Taffalta.

Second race—5-8 mile and 1 repeat. Entries—Bal Poudre, Marco Polo, Macy Russell, Tom Gilmore, Spinaker, Solitaire.

Third race—6-7 furlongs, dash. Entries—Trialmore, Marco Polo, Equalize Emmett, Fraxon.

A number of runners have arrived since yesterday to participate in races the latter part of the week.

Tomorrow is Paducah day at the county fair and a move is now on foot to have the stores down town all close at 1 p. m.

HON. W. C. OWENS

Answers Beckham and McChesney.

(From Somerset Speech.)
"Every private citizen who dares to oppose the unscrupulous gang of bootlickers that now have the state by the throat is denounced and hounded by them, as if to oppose them were a criminal offense. A few days since at Williamstown one McChesney, a candidate on the Democratic ticket, took it upon himself to declare that I was a refugee from Scott county, and also to repeat a false and slanderous charge concerning me made by Senator Goebel in his canvass for governor. On the day after Goebel made the charge I proved by the record that his statement concerning his own record was untrue, and denounced his statement concerning me in terms that he would not have submitted to had he felt that he was telling the truth. He had sense enough and discretion enough, however, to refrain from referring to the subject again, and it remained for the empty and unfurnished mind of McChesney to revamp the miserable falsehood. I exhaust the capacity of the English tongue to say of him that a more deliberate falsifier or a more brainless charlatan never robbed the state in the name of the Democratic party."

BARSTOWN'S "LITTLE BOY BLUE."

"Later, at Georgetown, a 'Little Boy Blue' from Barstow, who, if the laws of the state had been impartially enforced, would long ago have been sold for vagrancy, and who has been named by the Democrats as their candidate for governor, for lack of an answer to criticism of his administration, saw proper to repeat the charge and add that I had been guilty of robbing the young men of Scott county and was a refugee from the moral people of that county."

"I waive the fact that every man who heard him knew that the charge was untrue and absurd—for the good people of Scott county only a year or two before had given me the most enthusiastic support in my race for congress that any people ever gave to any man, while the Republicans of Scott county this very year complimented me by casting the vote of their county for me for the office of governor. Whether those honors were merited is not for me to say, but it must be left to the people of Scott who paid them and who have known me since childhood."

CAUSE OF BECKHAM'S IRE.

"But, waiving all this, what must the people of Kentucky think of this creature who, holding the once dignified office of governor, answers charges against his administration after this fashion?
"The cause of his ire was my statement that I did not believe that Captain Calkoun got all of the \$71,000 allowed him as commission by Governor Beckham. The governor's brutal trade will be accepted by right-thinking people as a plea of guilty entered for himself by himself."

IS IT POSSIBLE?

(From the Maysville Ledger.)
One of these days the Kentucky Democracy will come to the conclusion that John G. Carlisle is a greater man than Percy Haly. That will be the beginning of some wisdom—it will also be the beginning of better and honest days.

WHY MARCUM IS DEAD.

(Cynthiana Log Cabin.)
Notwithstanding all that has been said regarding the Breathitt county assassinations, the fact remains unchanged that J. H. Marcum would be alive today if Governor Beckham had sent troops to Jackson when Captain John Patrick asked for them. Patrick fled from Jackson to save his life, but wrote that if the governor would give him military protection he would go before the Breathitt county grand jury and indict the murderer.

Arctic Exploration a Sport.

A German geographer complains that north pole exploration is in danger of degenerating into a sport, in which the establishment of "records" is the main thing.

BAD FINANCIAL SHAPE

Beckham's Bad Management of Kentucky Affairs

EQUALS HIS BAD PARDON RECORD

Mismanagement of Finances of State by Beckham is Paralleled by His Disgracing Political Pardon Record. Incapacity and Extravagance of Beckham Machine Plainly Shown by the Figures.

(From the Louisville Herald.)

Governor Beckham's pardon record is paralleled by his financial achievements. At Bowling Green the governor expressed indignation that the Republicans should claim credit for the successful financial showing of the Bradley administration, which left office with more than a million in the treasury. Mr. Beckham said:

"That statement would lead you to believe that Mr. Bradley actually delivered this much money to the Democrats. The truth is, this money was left to W. S. Taylor and his crowd. During their rule of something like two months they spent most of this money, and instead of turning over \$1,100,000, to us, as Colonel Belknap tells you, Taylor and his associates turned over to us \$453,000. I say turned over to us, but I don't mean that. They ran away and left us with that much. I do not know how they happened to leave us with that sum, but they left some of us with our lives, and we were so glad that we did not have time to think of how much money they were taking."

Governor Bradley found on taking office a floating debt of \$1,500,000 left him by previous Democratic administrations. When he retired from the governorship the total cash balance in the treasury was \$1,060,425.08. It is puerile to fast on to the disturbances arising out of the stealing of the governorship and other state offices all the blame for the incapacity and extravagance of the Beckham machine. Had the result of the election of 1899 been loyally accepted by the defeated minority the sound financial administration of the state's finances inaugurated by Governor Bradley would have been continued. The interruption in Republican rule has been a sad and costly experience for Kentucky—the state's money looted by adventurers.

There has been in three years of exclusively Beckhamistic rule, from July 1, 1900, to June 30, 1903, an increase in the current expenses of the state over three years of the Bradley administration, from July 1, 1896, to June 30, 1899, of \$1,116,973.51. There was, on the other hand, an excess of ordinary receipts under Governor Bradley of \$373,251.09. Taking out the \$1,323,999.35 collected by the Beckham administration from the United States for interest on the war claim, \$71,000 of which went into the pockets of Captain Calkoun, the ordinary receipts for three years of the Bradley administration were \$13,837,996.48; the ordinary receipts of three years of Beckham rule, ending June 30, 1903, were \$13,451,655.39.

The financial record of the Beckham administration is one of incompetency and recklessness. It shows in every department a disregard for the public interest; but in all respects and in every detail betrays a determined and unbroken fidelity to every machine interest and purpose. The Beckham administration is bound, hand and foot, to a gang of grifters and ringsters, who boldly deny the right of the people to select their own rulers. The issue is plain. Shall the people of Kentucky entrust their finances to a gang bent only on self-aggrandizement, or install at Frankfort a thoroughly competent and business-like administration? We feel free to admit that the Democratic party has within its ranks ample material for the furnishing of an able and competent state administration. But the Democratic party has not been permitted to select its candidates. The machine has forced its slate of incompetents, weaklings and grafters on them, and the state finances are to be made, unless the people resist, the prey for four years more of rapacious looters. Kentucky will prevent the perpetuation of the reign of graft and looting.

THEIR ONLY "ARGUMENT."

(From the Paducah Sun.)
The Democrats of Kentucky have now resorted to personal abuse. The only criticism that has been made by Republicans of Democratic officials was as officials, and no attack has been made on their private character. Yet, doubtless, for want of better argument, the Democrats have begun to assail the private character of every man who makes a speech for the Republican cause, from Colonel Belknap to some of the speakers who are not candidates. Abuse never helped any cause. If the Democrats have no better grounds for wanting to be elected to office than these they are indeed short of campaign material.

Even the poor penitentiary guards must deliver their pound of flesh or, rather, steak to the Shylocks domiciled in simplicity hall.

"I can hear of no disaffection anywhere," says Chairman Hager. Bids will be received at Democratic headquarters for an ear trumpet.

THE CROPS

TEMPERATURE WAS UNUSUALLY BRIGHT DURING THE WEEK.

The Weather Bureau's weekly crop report is as follows:

The week opened rather cool, but the temperature soon rose and continued extremely high during the remainder of the week. Showers occurred in most localities on Thursday and Friday and the week closed with showers in progress. The rainfall improved conditions to some extent, but the drought continues to be severe in many localities, especially in the Blue-grass counties.

Tobacco is nearly all cut and housed and is generally curing well. The yield was quite good in the dark tobacco districts, but the drought out the burley product short to quite an extent.

Corn cutting is in progress and the crop is practically all safe from frost. The early corn is turning out quite well, but the late was damaged considerably by drought.

A very small acreage of wheat has been sown so far, but more will be put in if the weather is favorable.

Irish potatoes have turned out fairly well in most localities. Sorghum has done well. Winter apples have fallen badly and will be a light crop.

Pastures, are very badly dried up and water for stock is scarce in some localities.

Fall plowing has been delayed on account of the ground being too dry, but other farm work is well up.

ROUGH ON RIVER.

STRONG WIND MAKES NAVIGATION RATHER DIFFICULT.

Today has been like a March day, with a strong wind blowing much of the time. The river has been very rough, and some of the tie boats had trouble keeping their tows in check. Most of the boats are now laid up in the harbor here on account of low water, but some of the tie steamers at Brookport were blown about quite lively. No damage is reported.

Mr. John Rock returned to Cedar Bluff this morning.

OVER STUDY.

CHILDREN DON'T BREAK DOWN WHEN FED RIGHT.

It is often the case that when children break down at school it is attributed to overstudy, when it is really only a case of improper food.

This can easily be overcome by a little care in the selection of food and drink. "Since childhood I have been a coffee drinker and about a year ago I became so nervous and run down that I was compelled to leave school and give up studying altogether.

"Everyone thought my ill health was due to overstudy but during several months of rest my condition did not improve but instead I grew worse.

Medicines failed to help me and I was sick and miserable all the time. One day a friend while discussing my condition advised me to leave off coffee and try Postum. It was not long before I began to gain strength for Postum began to build me up almost immediately.

"In less than three months from the time I left off coffee and used Postum I was back again at my studies and was soon trying harder than ever before and yet I felt and looked fresh and strong in spite of the hard work. There can be no doubt in the world that all this improvement was due to leaving off coffee and drinking Postum in its place.

"My married sister, hearing what Postum did for me, thought she would try it but in making it she did not follow directions and got a weak and characterless drink from which she and her family turned in disappointment. It was shortly after this I visited her and made Postum as directed on the package which is easy enough and all were so delighted they said they liked it better than coffee. Since then Postum has held a high place in my sister's household and her health is very much better since she left off coffee and began Postum.

"A schoolmate of mine whose complexion was very sallow and muddy saw what Postum did for me and decided to drink it in place of coffee and it was but a short time until she began to gain strength and her complexion lost its sallow hue. Now she says she will never drink any more coffee but will stick to Postum."

This young lady also tells of numerous other relatives and friends whose health, appearance and weight have been very much benefited by leaving off coffee and drinking Postum, the food drink. All names given by Postum Co., Battle Creek, Mich. Look in each package for a copy of the famous little book, "The Road to Wellville."

STOOD IN THE RAIN.

Greensburg, Ky., Oct. 7.—When Col. Morris Belknap and party arrived yesterday they were met at the depot by several hundred people, with brass band and carriages, and escorted to the courthouse, where from ten to twelve hundred people were waiting to welcome him. The Shreve Park had been prepared for the speakers, but on account of the heavy rains they were unable to use it. The court house being too small to accommodate the crowd, it was reserved for the ladies, and the men had to stand outside and take the rain while listening to Col. Belknap's speech. From present indications, he will carry Green county by the usual majority.

FOUGHT BY BLACK SNAKE.

Perryville, Ky., Oct. 7.—Capt. Turner Bottoms had a desperate encounter with a blacksnake. The reptile had taken abode in the rear end of his buggy, and when the Captain started for a drive coiled itself about his feet and began to fight him. By desperate efforts Capt. Bottoms succeeded in relieving himself from the intricate situation, leaped from the vehicle and made his way across a plowed field, with the snake following him in great bounds. The captain proved too swift and escaped from his pursuer. The snake was killed by some men working in the field, and measured 5 feet 6 inches in length.

CANCEROUS ULCERS ROOTED IN THE BLOOD.

After the age of 45 or 50, when the vital powers are naturally weaker, it is noticed that a hurt of any kind heals slowly and often a very insignificant scratch or bruise

A small pimple came on my jaw, but gave me no pain or inconvenience, and I should have forgotten about it had it not begun to inflame and itch; it would bleed a little, then scab over, but would not heal. This continued for some time then the Cancer began to eat and spread, until it was as large as a half dollar, when I heard of S. S. S. and determined to give it a fair trial, and it is remarkable what a wonderful effect it had from the beginning; the sore began to heal and after taking a few bottles disappeared entirely. This was two years ago; there are still no signs of the Cancer, and my general health continues good. Mrs. E. SHIRE, Wyconda, Mo.

Whenever a sore or ulcer is slow in healing then you may be sure something is radically wrong with your blood. Some old taint or poison that has been slumbering there for years, is beginning to assert itself, and breaks out and becomes a bad ulcer and perhaps the beginning of Cancer. These old sores are rooted in the blood, and while washes, soaps, salves, etc., keep the surface clean, they are not healing. A blood medicine to purify and strengthen the polluted blood and a tonic to build up the general system is what is needed, and S. S. S. is just such a remedy. No poison is so powerful and no germ so deadly that this great vegetable blood remedy cannot reach it, and ulcers of every kind quickly yield to its wonderful curative properties. If you have an old sore or ulcer, write us all about it, and medical advice or any information you may desire will be given by our physicians without charge. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

partments from this state. Messrs. Struck and Hoa found that forestry displays were to be made in 20 States.

Upon their return to Louisville, Mr. Hoa immediately started out on a tour of the timber districts of Kentucky to secure all the woods necessary for the display. He has made up the following list as a guide, but it will doubtless be added to as the work progresses:

Black walnut, white walnut, cherry, mahogany, white ash, grey ash, black ash, blue ash, yellow poplar, white poplar, white oak, red oak, black oak, chestnut oak, burr oak, post oak, chinquapin oak, over cup oak, yellow bottom oak, black jack oak, swamp oak, Spanish oak, pin oak, willow oak, live oak, red beech, white beech, cucumber (yellow lynn), basswood (white lynn), red sweet gum, black sweet gum, hard maple (sugar maple), soft maple, yellow cottonwood, white cottonwood, shell-bark hickory, white hickory, black hickory, pig nut hickory, red elm, slippery elm, yellow elm, black locust, honey locust, oldfield locust, pecan, coffee nut, red sycamore, white sycamore.

more, chestnut, hackberry, mulberry, red birch, white birch, water birch, persimmon, dogwood, cypress, buckeye, yellow pine (long leaf), yellow pine (short leaf), black pine, white pine, spruce pine, hemlock, red cedar, white cedar.

The different commercial timbers from Kentucky will be attractively displayed in the center of the space assigned to the State. All woods will be shown in their natural form, so sawed as to reveal the grains. On platforms surrounding there will be displayed the finished products of these woods, such as hubs, spokes, felloes, broom-handles, cotton spools, woolen mill shuttles, etc., etc. One of the poplars to be exhibited will be an eight-foot cut from perhaps the largest poplar tree in Kentucky, which now stands at Castlewood, in the edge of Louisville, the suburban home of General John B. Castleman. This monarch of the forest has been purchased by C. C. Mengel, Jr., & Brother Company, with the understanding that a cut from it of the size mentioned will be donated to the forestry exhibit from Kentucky at the World's Fair.

HIGHEST PRICED EGGS.

Are Whoppers and Cost \$10,000 a Dozen—Form Unique World's Fair Exhibit.

Eggs 18 inches in narrowest circumference and nearly two feet long, that sell in the market at the rate of \$10,000 per dozen, will be on exhibition at the World's Fair at St. Louis in 1904. These eggs belong to the United States government, and they are now in the custody of the zoologist at the National Museum in Washington.

The latest addition to the government's fossil specimens in the egg line comes from the island of Madagascar, in the Indian ocean, and is said to be the largest egg ever discovered. It was bought by an American scientist in

SAMUEL P. JONES,

Paris and was forwarded to Washington. The government zoologist said that the egg was that of the Aepyornis titan, a bird of the quaternary epoch, more gigantic even than the Aepyornis maximus. The monster egg was excavated on the island of Madagascar, where it had lain for thousands of years. The huge shell, an inch thick, and weighing many pounds, is smooth and white and has probably not changed in general appearance since it was laid, in prehistoric times.

When this egg is shown at the World's Fair it will be placed beside the eggs of the humming bird, the ostrich and the domestic fowls for comparison.

Scientists claim that Uncle Sam, when his representative bought this incomparable specimen in Paris for a trifle less than 2,000 francs, got an unusual bargain. Eggs even smaller than this have sold at the rate of \$6,000 to \$10,000 per dozen. The same scientist predicts that these ancient eggs will increase in value, and cites the price of the eggs of the great auk. Although this bird was a pigmy in comparison, and has been extinct less than 60 years—Audubon having seen one in 1844—its eggs are worth \$2,000 each. There are about 80 known specimens of the great auk's eggs. The egg of the Aepyornis is believed by many writers to be that of the roc, mentioned in the Arabian Nights, and long thought to be fabulous.

Besides these monster eggs found in recent explorations on the island of Madagascar enough bones of this great bird have been found to enable paleontologists to form a more definite conception than ever before of its size. A section of the ilio-tarsus nearly two centimeters long, a section of a mandible 170 millimetres long, portions of the skull and other bones confirm scientists in their estimates that the Aepyornis towered above the dinosaurs. A skeleton of the latter in the National Museum shows that it was larger than the modern horse. That the Aepyornis maximus was still bigger and that the Aepyornis titan, whose egg is the most amazing thing in zoology, was even more gigantic than its enormous kindred, is proven by the late Madagascar excavations.

The eggs and the bones of this monstrous bird of the time of Sinbad the Sailor will be a feature of the government's exhibit at the World's Fair.

AGRICULTURAL BUILDING AT ST. LOUIS WORLD'S FAIR.

—Is the largest Exposition building ever constructed for the reception of a single department.

—Contains a thousand feet more floor space than did the great Crystal Palace, in which were shown all the exhibits of the first World's Fair, in London, in 1851.

—Is 500 feet wide by 1,600 feet, or over a quarter of a mile in length.

—Has 800,000 square feet, equalling nearly 20 acres of floor space.

—Cost \$529,940.

—Has light admitted by monitor windows without the use of skylights, thus protecting exhibits at all times from the direct rays of the sun and adding materially to the comfort of exhibitors and visitors.

—Is big enough to hold three Washington monuments laid end to end diagonally through it.

—Used as an apple bin, would hold a peck of fruit for each man, woman and child in the United States, the Philippines and Hawaii, and there would be a double supply for each of the Cubans.

—Could house 16 vessels of the size of the largest steamer afloat, the Cedric, and there would be room left for the landing stage.

—Has a capacity to accommodate 13 miles of freight cars, together with locomotives and way-cars enough to handle them.

—Arranged as a corn crib, would hold nearly the entire crop for two years of New England and New York, or half the 65,000,000 bushels constituting the average annual crop of Missouri.

—Converted into a vast silo, and filled, would store silage enough to winter many more than the 3,000,000 head of cattle shown by the last census to be in Missouri.

Mr. Hannegan says: "I have been in bad health for a long time, was extremely nervous and was troubled a great deal with hemorrhages and extreme weakness. Before taking cold, take overcoat precaution. Probably you're fixed for Indian summer—may be for winter—but do such days as these find you ready? Catch our train of thought? Overcoats, Top-coats for the strenuous; swell medium lengths, and the indispensable Cravenette rain coats. Thinking of underwear? You should.

Theatrical Notes.

"The Sleepy King" is something like a few pages from a fairy book. It was presented before a large audience at The Kentucky last night, and was pronounced fine by every one. Although the performance was delayed owing to the trains being late, the audience was patient and felt well repaid when the curtain descended for the last time.

There are possibly brighter and more tuneful comic operas than "The Sleepy King," but none with more gorgeous scenery, as large a variety of magnificent costumes and such a large number of pretty, graceful and shapely girls. The company is one of the largest that ever adorned the stage of The Kentucky and there was something doing every minute.

Mr. Walter Jones, in the title role, created a great deal of fun, but has little opportunity. The same may be said of George Henry, the prime minister. Ed Redway, who closely resembles Frank Deshon, the man who played King Do's hero last season had about the only role in which there was much opportunity for good comedy work. He made a hit, and deserved the applause he received.

James Stevens, as the robber chief, is a Minneapolis boy who has a good baritone voice, and George Russ Fiske, as the troubadour, possesses a fine tenor voice which won him much applause in the several solos he sings.

Miss Rosmary Glesz, as the princess, sang the leading female role and possesses a rich voice of much strength and sweetness. Miss Nellie O'Neil, as Airy Ann, the air ship agent, is clever, pretty and graceful, and deserves all the recognition she gets. The others all made the most of their opportunities. There are only a few bits of music from the opera that are considered catchy, and in parts the lines are bright, but as a whole the entertainment is one that pleases everybody, and certainly is the costliest and largest seen in Paducah in many a day. The chorus is not only composed of pretty girls and well trained voices but the costumes are perhaps not equalled for variety of hue and richness by any show on the road. The performance lasted until nearly midnight, but it should come again those there last night would doubtless go again.

The toe dancing of Mile. Proto, the premier dancer of the company, was very fine and she was forced to respond to encores time after time. She has made a hit in every city the company has played this season.

The company left Paducah this morning for Evansville on a special train, leaving at 3:30 o'clock.

BEAUTIFUL COMPLEXIONS

Are spoiled by using any kind of preparation that fills the pores of the skin. The best way to secure a clear complexion, free from sallowness, pimples, blotches, etc., is to keep the liver in good order. An occasional dose of Herbine will cleanse the bowels, regulate the liver, and so establish a clear, healthy complexion. 50c at DuBois, Kolb & Co.

In 1901 my mother commenced taking Hayes' Beechwood Emulso-Hypo with Iron, when the doctors said her lungs were so badly involved that she would not likely be alive but a few weeks.
